The Merseybeats at the Cavern 1962-2012

One of the many performances given by the Merseybeats at the Cavern took place on September 7 1962. Fifty years to the day of that gig, founder members of the band, Tony Crane and Billy Kinsley, now accompanied by Bob Packham (bass), Lou Rosenthal (drums) and Adrian Crane (keyboards), returned to the Cavern and, in the first set, recreated that show from 1962.

WELCOME NEW MEMBER – Betty joins us on 13th September
I've been a big fan of the Merseybeats since about 1962. Tony Crane's uncle, Tony Milligan got me into them when I was about 8 or 9 years of age. Although I've never seen them play, I have most of their records and I met Tony once when he visited his uncle. I never knew they had a website but I would love to be a part of the Merseybeat sound . Yours Betty
